Select Course course

Check if this will be used to fulfill an **upper-level writing** requirement. ☐

*To align with University policy, ULW should include frequent student writing, feedback on the effectiveness of the writing, and guidance in revision and rewriting.*

Check if this will be used to fulfill a CS **honors research** requirement. ☐

*CSC 200H must be taken before CSC 391H. CSC 395H concludes the honors research requirements.*

Select the desired number of **credit hours**.

*All credit hours count towards the total number allowed per semester. CSC 391H and CSC 395H are each 4 credit hours.* credit hours

Topic of Study:

Description of work to be done:

Description of how work will be evaluated:

Instructor Information:

Name

Email

How many credits of independent study (including this) will you complete with this instructor?

*University policy limits students to take 8 credits max of independent study per instructor. Students needing to take more than 8 credits to complete CS honors research requirements must get approval from department chair and submit a [Petition for an Exception to a Faculty Rule Form](#).*

Instructor's Signature:

CS Dept. Chair Signature:

*CS Dept. Chair signature only necessary if student needs to take more than 8 credits with this instructor to complete CS honors research requirements. This form should be submitted as part of the Petition for an Exception to a Faculty Rule discussed above.*

Once you receive your instructor's signature, send this form to your CS undergrad coordinator for department approval.

**Register for your course by completing the Registrar's Independent Study Form.**
